

EUAIA Contract Terms and Conditions

Sample Question: Will the European Commission’s AI Office issue a formal notice of non-compliance to a provider of a “High-Risk AI System” on or before [date]?

Product Code: EUAIA

Instructions: The official press releases and enforcement publications are published by the European Commission AI Office, as reflected in official publications in the European Commission Press Corner. This contract is subject to early Resolution.

Underlying: The EU AI Act Enforcement Forecast Contract is resolved based upon whether the European Commission AI Office publicly issues a formal non-compliance notice, reasoned opinion, or formal infringement or enforcement action under the EU AI Act against a provider of a High-Risk AI System as defined in Annex III of Regulation (EU) 2024/1689. A qualifying notice must relate specifically to obligations under the EU AI Act, including safety, risk management, or transparency requirements. The Underlying can be accessed [here](#), where the official press releases are available. The Underlying is typically listed within an official enforcement publication, such as a published “Case,” reasoned opinion, or formal infringement or non-compliance notice. The contract resolves “Yes” if a qualifying formal non-compliance notice, reasoned opinion, or enforcement action is publicly issued by the European Commission AI Office and published in the European Commission Press Corner on or before the deadline specified in the Contract. The contract resolves “No” if no qualifying notice is published by the deadline, if enforcement action occurs solely at the national or member-state level without an accompanying European Commission or AI Office publication, if the Commission or its AI Office issues guidance or investigatory actions without a formal noncompliance notice, if compliance matters are resolved informally or confidentially, if enforcement is reported only by media, or if any qualifying notice is issued after the date in the Contract. Links are provided for informational purposes only and the source agency may decide to publish the data at a different location at any time.

Source Agency: European Commission AI Office

Minimum Tick: The Minimum Tick size for the referred Contract shall be \$0.01.

Listing Cycle: ForecastEx will list Contract expirations at its discretion.

Thresholds: For each Contract expiration, thresholds will be listed at ForecastEx's discretion.

Position Accountability: The position accountability level is 250,000 Contracts in any one Forecast Market.

Last Trading Time: Same as Resolution Time.

Payout Criteria: The Settlement Value of each Contract is \$1.00 or \$0.00 depending on the Outcome of the Contract. If the Outcome of the Contract is “Yes”, then holders of the “Yes” Position will be entitled to

receive the Settlement Value of \$1.00 per contract and holders of the “No” Position will receive \$0.00. If the Outcome of the Contract is “No”, then holders of the “No” Position will be entitled to receive the Settlement Value of \$1.00 per contract and holders of the “Yes” Position will receive \$0.00.

Resolution Time: 11:59 PM CT on the date listed in the Contract.

Changes in Resolution Time: The Resolution Time of a Forecast Contract is dependent on the time that the Source Agency releases the Underlying data. There are circumstances in which ForecastEx will change the Resolution Time of a Contract as described below:

1. **Delay by Source Agency:** If the Source Agency delays the release of the underlying data required for Resolution, ForecastEx will delay the Resolution Time of the Contract until such data is released. In these circumstances, ForecastEx will release a public notice to its website informing Market Participants that the Resolution of the Contract has been delayed and release a second notice to its website informing Market Participants when the Contract is resolved.
2. **Change in Release Schedule:** ForecastEx sets the Resolution Time of each Contract based on either the published or anticipated release schedule of the Source Agency for the underlying data. If the Source Agency amends its release schedule or announces that it will publish the underlying data at a different time than anticipated, ForecastEx may, at its sole discretion, amend the Resolution Time of the Contract to match the updated release schedule when doing so is necessary to ensure the accurate and fair resolution of the contract. In these circumstances, ForecastEx will publish a public notice to its website informing Market Participants of the revised Resolution Time.
3. **Event Review Process:** In accordance with ForecastEx Rule 415, ForecastEx may, at its sole discretion, initiate the event review process prior to Settlement which may delay the Resolution of a Contract. In these cases, ForecastEx will publish a public notice to its website informing Market Participants that the Contract’s Outcome is under review.
4. **Early Resolution:** If a Forecast Contract Resolves based on whether a specific event occurs before a defined point in time, it will be subject to early resolution. For these Contracts, if the Outcome of the contract becomes determinable prior to the scheduled Resolution Time – either because the event has occurred (resolving “Yes”) or because it can no longer occur (resolving “No”) – ForecastEx may, at its sole discretion, accelerate the Resolution Time of the Contract in accordance with ForecastEx Rule 413. Whether or not this Contract is subject to early resolution is specified in the Instructions section.

Expiration Time: Same as Resolution time.

Settlement Date: Unless the Outcome of the Contract is under review in accordance with ForecastEx Rule 415, Settlement of the Contract will occur no later than the day following Expiration Time.

Trading Restrictions: In Accordance with ForecastEx Rule 509(h), the following Persons are prohibited from entering Bids or executing Pairs in EU AI Act Enforcement Forecast Contracts:

- Employees, officials, or contractors of the European Commission AI Office, including secondary and temporary staff.
- Members of the European Commission (Commissioners) and their cabinet staff.

- Any European Commission employee working on AI Act enforcement, digital regulation, market surveillance, or related compliance activities.
- Officials or staff of EU agencies or national competent authorities involved in AI Act market surveillance or enforcement coordination.
- Employees, executives, compliance officers, legal counsel, consultants, or auditors of any provider or deployer of a High-Risk AI System.
- Members of the media who have received advance, embargoed, or non-public information regarding the enforcement action prior to official publication.
- Any person with material non-public information regarding AI Office investigations, draft notices, or enforcement timelines that is the subject of a EUAIA contract.
- Immediate family members, parents, and other household members of any of the above.
